RE: Scope determination on countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).

1. On 05/14/2015, in response to a request by Streamlight, Inc. ("Streamlight"), Commerce issued a final scope determination that heat sink parts for LED lamps which Streamlight imports are within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China ("PRC") (C-570-968).

2. Because Streamlight's imported products, listed below by model number, do not meet the two criteria to qualify for the finished heat sink exclusion of the order, Commerce found these products to be within the scope of the Order.

3. Continue to suspend liquidation of entries of aluminum extrusions from the PRC, including heat sink parts for LED lamps imported by Streamlight described above, subject to the countervailing duty order on aluminum extrusions from the PRC.

Where entries of Streamlight's aluminum extrusions from the PRC, including heat sink parts for LED lamps have not already been suspended, CBP should suspend liquidation of entries of heat sink parts for LED lamps from the PRC subject to the countervailing duty order on aluminum extrusions from the PRC effective 05/19/2014, which is the date of initiation of the scope inquiry.

4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII:LRL.)
